Dr Jörg L. Bodden

Specialist lawyer for construction and architects' law

Jörg advises private and public building developers, construction companies and planning offices in the implementation of medium-sized and large construction projects. His activities include designing complex legal contracts, providing legal support during the construction phase of a project and representing clients in court proceedings. Jörg also has particular expertise in Building Information Modelling (BIM).

What other's say

„Recommended lawyer for construction law; 'From the very first conversation, we felt confident and well advised by him. His extensive knowledge of construction contract law, combined with a detail-orientated and proactive approach, guided us through complex legal issues and negotiations. Thanks to his professionalism and commitment, we were able to achieve optimal (project) results. It is not only his legal expertise that impresses, but also his empathy and ability to explain complex legal issues in an understandable way.'“

Legal 500 Germany 2024
