Dr Juliane Hoffmann

Juliane advises on all issues relating to public and private construction law. Key practice areas include contract drafting and providing strategic support to her clients in the enforcement and defence of claims during the execution of a project (Claim Management/ Anti-Claim Management). Juliane also advises on all questions of administrative law in connection with the implementation of construction projects.

What others say

„One of the most frequently recommended lawyers for public commercial law“
Handelsblatt/Best Lawyers[®] 'Germany's Best Lawyers 2025'
